Dear Parents

### Allergies

As you all know, one of our children and one of our members of staff has severe allergies to nuts and sesame products and must not come into contact with these. Please can you ensure that no nuts or sesame products are sent in lunch bags for the school trip tomorrow.

As a precaution, we will look through the lunch bags and remove any products that contain these. Despite sending out a letter to parents prior to the school trip in July, we found and had to remove 17 food items that either contained nuts or had 'may contain nuts' on the wrapper.

Thank you for your help in this matter.

Yours sincerely

*Selina Davies*
